

**Tier 4 BMP System Implementation Documentation Form**

Submit one form for each farm, identifying the BMP system(s) and component practice(s) that payment for time spent on design, installation, and/or check out is being requested.

County: Filmore Date: 7-12-10  
 AEM Farm ID #: 12-019  
 Type of Farm: Dairy  
 CAFO: Y  N   
 Planning Unit Priority: 1  
 11 Digit HUC: 123456789000

- List the appropriate **BMP systems** from the **NYS Agricultural Management Practices Catalogue** that technical assistance was provided on and indicate if the assistance was for design, installation, and/or check out. **BMP systems** are listed in Table I of Section 7 of the AEM Base Program Year 6 Contract Policies & Participation Documents Manual.
- **NRCS Component Practices** for each **BMP system** are listed on Table V of Section 7 of the AEM Base Program Year 6 Contract Policies & Participation Documents Manual.
- Complete one table for each component NRCS conservation practice. Use Continuation Form if needed.
- Please identify if a practice was cost-shared and what program or entity provided the funds.
- By completing and submitting this form the District is signifying that all BMPs submitted for payment have been designed and/or installed to NRCS Standards & Specifications and that a person with appropriate Job Approval Authority, or a PE licensed in NY State, has signed off on the practice design and/or close out. The district is further signifying that appropriate documentation of such exists and is available for review.

Total Tier 4 BMP Technical Assistance for this farm
BMP System
Barnyard Runoff Management System
Conservation Tillage

**BMP System: Barnyard Runoff Management System**

Component Practice (NRCS Practice)	NRCS code	Unit	# Units	Tasks completed:	
				Design	Check out
Roof Runoff Structure	558	ft	200	x	x
				Install	x
				Check out	

Approval authority provided by: Phred Fizer, NRCS AE

Was the practice installed?  Yes  No

Was the practice cost-shared?  Yes  No Program: EQIP
